## W. L. Ouimette

## SHOWS BIG RETURN

FOR THE MONEY INVESTED IN TELEPHONE SYSTEM

Alberta Government Telephone System Yields a Net Profit of \$62,283 During the Year 1912 Alone

Yielding a net profit of \$62,283 during the year 1912 alone, the provincial government telephone system has, since being operated by the province, yielded a net profit in six years, of \$407,532 and now shows a surplus of this amount over all liabilities.

The increase in the telephone department has been phenomenal, and a large amount of this increase has been made with the department under the direct supervision of Premier Sifton as minister of telephones.

The year just past has been the biggest construction year on record. During the year 2014 wire miles of long distance lines were constructed, being an increase of 30 per cent, while the rural lines mileage was increased from 402 miles to 971 miles, or an increase of 95 per cent.

During the year 3530 new rural subscribers were added to the system, while 3840 exchange subscribers were added in the cities. There were also 13 new town exchanges constructed in 1912 and new central equipment installed in 20 others, 17 of which were either entirely rebuilt or considerably enlarged.

At the close of the year 1912 there were in operation in the province of Alberta 689 miles of toll lines and 9781 miles of rural lines, connecting 7420 rural subscribers and giving service to 11,065 exchange subscribers.

This is a remarkable showing, and when the government took over the telephone system there were only 1850 wire miles connecting 70 offices, and now there 689 miles connecting 234 offices. All this extension has been paid for out of the revenue of the department, and there is still a surplus of \$407,532, while the people of the province have, in addition, a plant that is now valued at \$5,726,281 which is paying for itself every day.

And the premier promises still further extensions. "We will increase and extend the system until every farmer and every resident of Alberta is accommodated with this utility which is as necessary as railroads," he said in discussing this matter after giving out the above figures, and added that an additional \$2,000,000 will be spent on this work this year.

## DEFY THE GOVERNMENT

SUFFRAGISTS GLORY IN LOSS TO CHANCELLOR OF EXCHEQUER

A Bomb Explosion Wrecks the New Residence of David Lloyd George at Walton—Suffragists Accept the Responsibility for the Outrage—Will be Martyrs

London.—The explosion of a bomb partially wrecked a country residence in course of construction for Chancellor of the Exchequer, David Lloyd George at Walton Heath, near London. The only clues obtained by the police are two handkerchiefs which were found among the wreckage. It is declared by the neighborhood that an automobile containing several women passed through the village in the early hours. No one was injured by the explosion. The house was not yet occupied. The bomb had been placed in a room of the residence which adjoins the golf links on which Lloyd George plays. The infernal machine was so powerful that the thick walls of the house were split in all directions and most of the rooms were wrecked. Two seven-pound cans of black powder also had been placed in two separate rooms, among heaps of wood shavings which had been saturated with oil and in the centre of which burning candles had been fixed.

An official of the Women's Social and Political Union told the police that the society had no knowledge of the perpetrators. General Mrs. Drummond, however, declared that the explosion was undoubtedly done by women. She exclaimed enthusiastically: "I think it is grand. It was a fine act, successfully carried out and shows the determination of the women. I say: All power to all kinds of millions in the direction of harassing cabinet ministers, short of taking human life. This is the second time within a year that violent methods have been used against the residence of cabinet ministers, the first being an attempt to burn the house of Lewis Harcourt, Secretary for the Colonies, at Vinelands. Cardiff, Wales.—We have blown up the chancellor of the exchequer's house said Mrs. Emmeline Pankhurst, addressing an enthusiastic meeting of suffragettes here. The authorities need not look for the women who actually did it. "I personally accept full responsibility for it." Mrs. Pankhurst declared that if she were sent to penal servitude she would go on a hunger strike. The government will then either have to set me free, she added, or let me die. "If I drop out a hundred women are ready to take my place."

Regrets U.S. Bill. Rome.—There has been considerable press comment here on the subject of the Burnett-Dillingham immigration bill, the chances of which caused a painful impression. The bill, which is referred to in the Giornale d'Italia, referred to the proposed legislation as an offense to human brotherhood. It added that American citizens would have been the first to regret the passage of the bill, owing to its consequences on the labor market in the United States.

## STATISTICS ABOUT CANADIAN PHONES

Annual Report Submitted at Ottawa Shows 683 Companies at End of Year

Ottawa.—Facts about telephone companies in Canada, as set forth in the annual report of the subject by the controller of statistics, tabled in the commons. The number at the end of the year was 683, an increase of 149.

In Manitoba and Alberta the systems are owned by the provinces, while Saskatchewan is fast absorbing them. Ontario has 269 telephone companies; Quebec 83; New Brunswick, 17; Nova Scotia, 12; Alberta 3; Saskatchewan, 206; Manitoba, 4; British Columbia, 18; and Prince Edward Island, 1. The aggregate capital is \$46,576,551, an increase of \$6,223,969 over last year. The capital is equal to \$124.75 per telephone.

The cost of real property is placed at \$68,577,799. Quebec, heading the list with \$27,450,169. This is due particularly to the Bell Telephone Company being credited to Quebec, the head office being in Montreal, though its lines are all over the country. Gross earnings of all companies in the year were \$1,700,000, operating expenses \$9,094,638 and net earnings \$3,738,281. The operating expenses were 14 per cent. of the gross.

A total of 370,884 telephones are in use in Canada, equal to one telephone for every eight of population. Employees number 12,572 and salaries last year totalled \$2,659,641.

So Line to Operate Through Cardston. Cardston, Alta.—The announcement of the coming of the Soo Line to Cardston in the near future is being received as a decided stimulus to local business conditions, and real estate men are preparing for an active spring market.

The Soo line has had six heading crews in the field for months past, these now having worked far west into Montana, where an enormous territory will be opened up for direct connection with the Twin Cities. It is the intention to strike the Crow's Nest Line of the Canadian Pacific near Burnsville, Alberta. This means that the new line will enter Alberta at a point nine miles west of Cardston, where it will run directly to Cardston.

British Naval League Extends Thanks to Canada

London.—At a meeting of the Navy League, resolutions were passed cordially congratulating the Canadian government and the Malay States for their noble spirited contributions to the empire's needs and thanking the peoples of both countries for their loyalty.

The league recorded the failure of the admiralty to fulfil its promise of maintaining the sixty per cent. margin of superiority over Germany and called upon the government to secure the laying down of six ships this year over and above those granted by the dominions.

Record Immigration Party

Winnipeg.—Six hundred and twenty passengers from the B. express of 1912 arrived in Winnipeg recently. This is not only the largest party which has entered the country since the dawn of 1912, but it is the outnumbers any one party that has found its way into Canada so early in the year, since the immigration department has not yet first commenced. In fact, it is a record. These new arrivals include a number of first class farm boys who have come out here prepared to start work on the land directly in a season opens. Ninety-five per cent. are Britons.

## THE WINTER SPORT

COLEMAN HOCKEY TEAM CINCIES F RAYER CUP

By Defeating Blairmore Friday Night, Score 7 to 2, on Blairmore Ice—Other Games with the Puck

The Coleman hockey team practically put the Frazzler cup in its pocket last Friday night, by winning from Blairmore on the latter ice, by a score of 7-2. Blairmore fought hard but was not in it at a stage of the game with the fast rush from Coleman. Bert White officiated as referee and gave universal satisfaction. For the first time this season, in the Crows Nest Park league games, a judge of play was seen on the ice.

The following is the standing of the teams:

Team	Won	Lost	To Play
Coleman	7	2	3
Blairmore	5	6	1
Frank	2	2	2

Made Good Show at Farnie

Monday the Coleman team journeyed to Farnie and played an exhibition game with the puck-chasers of that city. The team put up a good exhibition, the national winter sports holding the big fellows down to a score of 10-8. Farnie says: "The Coleman team are a good bunch of boys and deserve loyal support from the home town in every way."

International vs. De-Op.

The officer forces of the International Co. and the Co-Operative Co. the latter assisted by two of the bank staff, dropped skates, leg pads and chest protectors Tuesday night and locked horns in a game of hockey. The International players won at the end of two 20 minute periods, by a score of 2-1. Donnan Graham was the goal shot for the International, which was declared after hours.

## CARNIVAL AT RINK

SMALL ATTENDANCE, BUT GOOD TIME

Ice in Perfect Condition, Weather Just Right, and a Fine List of Prizes Hung Up by Manager Davies

The turn-out to the fancy dress carnival at the Coleman skating rink, Monday night, was not nearly so large as the affair warranted. The ice was in perfect condition, the weather cold enough to make skating enjoyable, the management left nothing to be desired, the prizes worth striving for and the present declared to be the best carnival ever pulled off in the Pass.

After mature deliberation the judges awarded the prizes as follows:

Best representative costume, ladies: Miss Catherine Disney, Japanese, 1st; Mrs. Harry Hill, Queen of Hearts, 2nd; Best representative costume, gentlemen: D. Dunlop of Frank, 1st; Best comic costume: F. R. J. Phenix, Pierrot.

Best character costume, girls: Miss Ines Dunlop, DAWN.

Best character costume, boys: Herbert Williams, Memphis.

Miss Amy Dwyer captured the prize in the girls' race.

There was a small contingent present.

sent from Frank, the other towns in the Pass were not represented.

## BLAIRMORE VETERINARY

Is Sentenced to One Year in the Lethbridge Jail

The trial of W. G. Sawyer, charged with fraudulently selling a horse not his own property, was concluded in the supreme court at Machod, before Justice Simmons, last week, and the first of this week Sawyer was sentenced to one year in the Lethbridge Jail.

The animal, a bay mare, was disposed of by Sawyer to W. G. Fraser, of Coleman, last August. The mare was the property of G. A. B. Jackson, of Vancouver, and strayed or was stolen from his ranch on the North Fork several years ago. Sawyer claimed that the animal was his property and was left by him in Coleman for several years, and was sold to Fraser for \$100.00.

## Convention Closed

The tenth annual convention of District No. 18, U. M. W. of A., came to a close last Saturday night. The matter of submitting amendments to the new coal mining act and the proposed removal of the District Lodge from Farnie to Lethbridge was left in the hands of the district executive to deal with.

## EASTER TOGS

COLEMAN, ALTA., FEB. 28, 1913.

### AS OTHERS VIEW THE P. O. INVESTIGATIONS

The following, from the Lethbridge Herald, is a fair sample of how the outside world views the so-called Coleman postoffice investigations:

"In view of the fact that Mr. Pelletier has Mr. Kenyon busy investigating the awful atrocity of Postmaster Morrison of Coleman, who is charged with attending a Liberal primary, how would it do for him to have Bill Laurie visit Magrath and hear the story of the doings of one James Anthony Rasmussen, postmaster at that point. Here is a sample of the most aggressive partizan-ship. Mr. Rasmussen was an aspirant for the Tory nomination and got more votes in the convention than John Parrish. At the behest of Leader Michener, and other high-minded statesmen, he gave way to Parrish in consideration of the postmaster's ship. The Tories were a Tory meeting at Magrath the other night and the chief worker-up of enthusiasm was James Anthony Rasmussen, postmaster of Magrath. He announced himself as a Tory of the Tories, one who had a vision of the speedy return of Michener and Dor Stewart to power, and then he snatched his lips in anticipation of worshipping at the Tory shrine none daring to molest or make afraid.

"The question that comes to the mind of any fair man is why should it be all right for Rasmussen to do the party glorifying stunt at an organization meeting and all wrong for Morrison to sit quietly by and watch the Grits elect delegates to a convention, he not having given his mouth. Either the Borden government is sincere in trying to eliminate political partizan-ship from the public service, or it is playing the role of hypocrite and persecuting liberal office holders for the purpose of filling the positions with its own followers. The Herald has no hope that Rasmussen will even be remanded. He was guilty of a flagrant violation of the principles of public service. Pelletier will not say a word in reproof. But Pelletier will send one of his axemen to investigate the alleged partizan-ship of any man known to be a Liberal. It is good business. It opens the way for a job for some hungry heeler and also provides the job of investigator for some of the fourth rate lawyers who may happen to be serving the party and have no claim on a judgeship or any of the larger plums.

"The Herald has a hunch that Bridge, the president of the Conservative association at Magrath, is also a man enjoying the sweets of office. There is nothing like cheering for those who feed you. Go to it Mr. Rasmussen. Go to it Mr. Bridge. Bill Laurie will not interfere.

"And this is the civil service reform that Mr. Borden grew so eloquent over on his tour of the west. Like his promise to restore the natural resources, it was the vaporizing of an insincere man.

### 5000 Facts About Canada

The public will welcome the 1913 edition of "5000 Facts About Canada," compiled by Frank Yeigh, the acknowledged authority on things Canadian, and published by the House of Commons. Ten thousand copies are now sold annually, which find their way all over Canada, the Empire and the world.

"The Facts booklet is stuffed as full of information as a sausage is of meat," says an English journal, and the new issue, with new features and improvements, enjoyed map of the Dominion, etc., presents a striking story of the wonderful advance of Canada in a single year.

The booklet is issued at 25c a copy by the Canadian Facts Pub. Co., 68 Huron St., Toronto, and sold by leading newsdealers.

Read the Bulletin and keep in touch with local happenings.

## A GIGANTIC SYSTEM

Keen Competition is Mackenzie-Mann Lines Proposed

Toronto, The Evening Telegram says: A gigantic radial railway system, which will touch every large place in Western and Northern Ontario and be operated in connection with the Mackenzie-Mann undertakings, has been projected and all the necessary steps taken to secure the necessary legislation to carry it out.

This network of railways, according to the plan, will have its terminus in Toronto and already a deputation, representing the interests which are promoting it, have waited on Mayor Hocken and asked for the consent to an entrance, which is requisite under the Dominion Railway Act before the company can cross any of the public streets.

The new company is said to have a relation with the Canadian Pacific railway similar to that existing between the Canadian Northern and the Toronto and York Radial interests. The intention is to go to parliament and obtain a charter, giving the company all the rights enjoyed by steam railways. The railway, indeed, will be operated by steam where it is more economical than electricity. The members of the deputation who waited on the mayor stated that the intention was to use hydro-electric power, which would mean that the government system would have a large and paying customer.

The promoters of the railway stated that there would be served one thousand people to a mile. Its branches will stretch far and near, west as far as Lake Erie and Northwest to the Owen Sound district.

### ROUMANIA THREATENS WAR

Balkan Dispute Assumes Grave Aspect for Months

London, Bitter snow storms have caused the suspension of hostilities both in Gallipoli and Tchatalja. According to Constantinople despatches, negotiations continue for the departure of the consuls and foreigners from Adrianople, but no agreement had yet been reached.

A Sofia despatch to The Daily News says that the dispute between Bulgaria and Roumania has assumed a graver aspect. Roumania is openly threatening Bulgaria, and Roumanian artillery and cavalry are assembled on the islands in the Danube facing the Bulgarian territory around Silistria.

A Bucharest despatch to The Daily Mail says that a note has been despatched to Sofia by the Roumanian Government rejecting the last proposals made by Bulgaria as unsatisfactory. Pending intervention by the Powers, the note adds Roumania abstains provisionally from adopting extreme measures.

### MILLING INDUSTRIES

Grain Commissioners to Inquire into Canadian Possibilities

Fort William, Ont.—The Board of Grain Commissioners have been specially authorized by the government to carry out an examination into the conditions and possibilities of the milling industry in Canada with a view to securing information as to its capabilities and the best means that can be devised for its development. The Board of Grain Commissioners will begin this examination immediately and conduct it as far as possible during its western sessions along with its other business. The Board will devote special attention to this inquiry and extend the scope of their inquiry to the eastern sections of the Dominion.

### Young at Ninety

London.—The secret of remaining always young is revealed by Dr. Josiah Oldfield who is nearly 90, yet feels entirely youthful. Oldfield's rules are:

Think his thoughts and cling to noble ideals. Don't waste time over petty things. Don't take a narrow view of things. Take fruits, oils, and pure wines, eggs, butter, milk, and bread. Bathe every morning and rub the skin with a rough towel. Know yourself.

### SOUTH AFRICAN SCRIP

Extension for Selection Fixed For October 31, 1913

Ottawa.—The bill to be introduced into the House of Commons for the extension of the time for the selection of the South African scrip will fix the final date for October 31, 1913 positively. It is likely, however, to be confined to the original holders of the scrip as far as this concession is concerned. Hon. Dr. Roche will introduce the new measure very shortly.

### MARCONI CAN'T WITHDRAW

British Government Hold Company in Wireless Contract

London.—Replying to the Marconi company's second letter asking to be released from its government contract, the postmaster-general says he can do more than repeat his conclusions. There are that he cannot admit that the government's delay has been such as to justify the company's withdrawal from its contract.

### German Oil Monopoly

Berlin.—A trade convention representing the German Chamber of Commerce passed a resolution in favor of the German government's petroleum monopoly bill on condition that it be based on guarantees of an adequate supply and make the prices with compensation for the industries and commerce affected by the consolidation. The resolution, however, was strongly opposed by a powerful minority.

### Edmonton Debentures Sold

Edmonton, Alta.—Fifty thousand dollars of Edmonton debentures, bearing five per cent, have been sold by the Imperial Bank at ninety-six and the bank is requesting the privilege of selling the remainder of the million and a quarter issue at ninety-six not for five per cent, and a corresponding figure for the four and a half per cent, debentures.

## LOCAL AND DISTRICT HAPPENINGS

Events of Interest to Coleman People Garnered During the Week and Presented in Readable Form

Arthur Jacobs, of Bellevue, was in town yesterday.

W. H. Mury made a business trip to Fernie on Wednesday.

The Oddfellows put on work in the second degree Monday night.

Mrs. J. E. Wilcox, of Frank, visited friends in Coleman Thursday.

Frank Knight, merchant of Landbrook, was in town yesterday.

Blairmore trimmed Frank hockey-ists Wednesday to the tune of 0-1.

The local picture houses have been entering to full houses during the past week.

**BORN.**—To Rev. and Mrs. T. M. Murray, yesterday, (Thursday,) a daughter.

Thirty-five below zero at five o'clock yesterday morning, don't look much like spring.

The finance committee of the town council held a business session on Tuesday night.

Mr. and Mrs. T. Flynn welcomed the arrival of a girl baby at their home last Saturday.

Editor Bartlett, of the Blairmore Enterprise, was a caller at the Bulletin sanctum Wednesday.

Harry Higgins had a force of men at work this week decorating the interior of the Eagle building.

One week from to-night the Oddfellows and Rebekahs entertain their friends to a ball in the opera house.

The Co-Op. employees hereby issue a challenge to the International staff to play a game of hockey, without fear or favor, the losers to pay for an oyster supper for the bunch.

Rev. T. M. Murray attended the meeting of the Presbytery, which was held at Macleod, this week.

Win. Evans returned from Macleod on Saturday after appearing as witness in the case of Crown vs. Sawyer.

Rev. W. H. Muncester returned to Blairmore on Wednesday after attending a meeting of the Presbytery at Macleod.

Remember the concert and dance under the auspices of St. David's society of Coleman, in the opera house, to-morrow night.

The weather man neglected to turn off the stop-cock the first of the week and the bottom dropped out of the thermometer Tuesday night.

Thomas Frayer is ill at Calgary. His daughter, Miss "Polly," was sent for the first of the week, and Mr. Frayer has been removed to the hospital.

W. C. Smith, for the past 9 months day operator at the G. P. R. depot, has been transferred to Wycliffe and left for the scene of his new duties Tuesday morning.

J. J. Kelly, the new C. P. R. day operator, arrived here Tuesday morning and has the key to the situation. Mr. Kelly appears to be a "jolly little fellow" and quite capable of holding down any job he sits on.

Coleman should have a pound by law, and the by-law should be enforced. It is a crying shame to allow a band of horses to roam the streets, destroying property and committing a general nuisance. Either the owner should be impounded himself, or a case of cruelty to animals should be brought against him.

Miss Walsh, of Landbrook, has resigned her position as postmistress in the town at the foot of the hills and is now engaged as bookkeeper at the Coleman branch of the 41 Market Co.

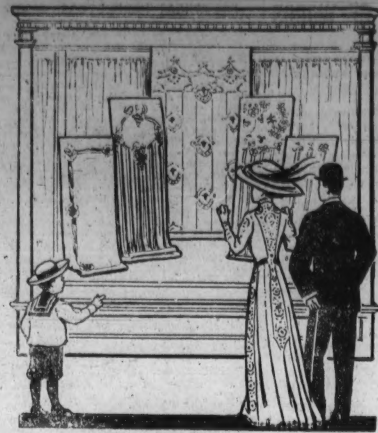

Charles D. Wright, for the past few months manager of the Coleman branch of the 41 Market company, has severed his connection with that institution and leaves Sunday for Spokane, where he is called by the illness of his wife.

A service of sacred song will be rendered in the institutional church on Monday evening, March 10th. This is the first time that such a service has been given in the district. Watch for the announcements and keep the date open. This will be well worth hearing.

Editor Bartlett, of the Blairmore Enterprise, tells how he captured a mosquito in his sanctum last week. That must be a new brand of insect on tap at the "metropolis." Better join the blue ribbon ranks. "Brother Bartlett, or there is no telling what you will be seeing next."

A traveling man, in town yesterday, heard the mournful tolling of a bell and asked "Who's dead?" He was informed that no prominent citizen had shuffled off this mortal coil, that the music he heard was the school bell, summoning the pupils to the halls of learning. The t. m. was also informed that zero weather had affected the school bell inasmuch as its tone had become badly cracked.

Word has just been received by friends in The Pass of the marriage of John Gaskell-Smith to Miss E. A. Davis. Mr. Smith went east from Coal Creek, B. C. the latter part of January, after resigning a position with the firm of Trites-Wood, and joined his fiancée at Chatham, Ont., and on the 12th inst. they proceeded to Niagara, N. Y., where the wedding was solemnized. Both Mr. and Mrs. Smith were formerly residents of Blairmore.

Four ft. to 6 ft. long. Sale price from **\$1.85**

## Door Mats

**35c and up**

## Delay in Opening

Fred V. Peacock, a member of the board of directors of the Anglo-Canadian Savings & Trust Company, came down from Fernie last night. There had been some rumors current reflecting on the company which Mr. Peacock assures us are totally unfounded. Mr. Davidson, the stock salesman, had not given satisfaction to the board of directors and his services have been dispensed with. The usual safe methods have delayed the company's charter for Alberta, but that will be disposed of in a few days, and in the meantime the Eagle building is being renovated and prepared for the company who will move into the new quarters and be ready to transact business as soon as the charter arrives.

## Died From Heart Failure

Patrick Kelly, employed at McLellan's camp, near York Creek, died suddenly from heart failure last Sunday. Kelly was sitting on a stool talking and joking with the other men when he suddenly fell over and expired very shortly. The remains were brought to Davies' undertaking parlors and embalmers awaiting some tidings from relatives or friends before being committed to its last resting place in Coquitlam.

## England Does Not Want our Help if Not Freely Given

London.—The Globe, Protectionist, and the Westminster Gazette, Free Trade, are having a cheerful little squabble over the action of the Manitoba Grain Growers' Association. The Globe says the Association's opposition to naval armaments is flagrantly unpatriotic, whereupon the Westminster Gazette replies: Let the Association's fellow Canadians say that if they like, but the Mother Country does not want their assistance unless freely accorded.

**Big Fire in Tokio**  
Tokio.—A great fire, which occurred in the centre of Tokio, destroyed a thousand buildings. These included several churches, the Baptist Tabernacle, the Salvation Hall, the School of Foreign Languages and several other schools. The fire burned fiercely for five hours, and troops were called out to guard the action.

**Honor Titanic Hero**  
Washington.—President Taft will present to Captain Rostron on the afternoon of March 1st at the White House, the gold Congressional medal awarded him for his heroic services as commander of the Cunard liner "Titanic" in saving the survivors of the Titanic.

A popular bachelor of Blairmore was observed looking at an engagement ring in Alex. Cameron's jewelry store Wednesday afternoon. (To be continued.)

## OPIUM DEN RAIDED

## CHINAMEN CAUGHT WITH THE GOODS ON

Opium Smokery Found in the Rooms over Goosey's Store Running Full Blast—Mulcted of \$133.50

Last Saturday night Constable Grant, assisted by Corporal F. J. Mend of Bellevue, of the R. N. W. M. P. force, raided the Chinese store owned and occupied by the Goosey Brothers. In rooms over the store the police found a complete opium lay-out with one Celestial lying on a table hiding the pipe and another Chinaman rolling a pipe preparatory to heating it over a lighted opium lamp. The police gathered in the two smokers, along with Foo Goosey, one of the proprietors of the joint, together with enough paraphernalia to stock a good-sized opium smokery.

Monday the smokers were hauled before Inspector Belcher and Magistrate Morrison. The Chinamen had sent to Frank and retained Attorney H. Howes Roberts to defend them, assuring the attorney that the police had nothing on them having found only an old pipe and a broken lamp. When Mr. Roberts entered the bar racks he was confronted with an exhibit containing three opium pipes complete, three opium lamps, needles, opium tin full and partially full of the drug, tin containing ashes—which the smokers use over again when the drug is scarce—and other articles necessary to form a complete smoking outfit.

R. Louie, the man caught in the act of rolling a pill was the first offender called. Louie had a racking cough and said that he was a very sick man; smoked opium to relieve his illness; pleaded not guilty, through his attorney.

Dr. Ross testified that the stuff in cans was opium; the drug was sometimes used in the medical profession; but had never heard of it being administered through an opium pipe.

Louie was found guilty and sentenced to a fine of \$25.00 and costs, his plea of illness receiving some consideration.

Mal Wee, the man lying on the table with a pipe in his mouth at the time of the raid, admitted that he was smoking but stated that it was only a little smoke and that he was going to quit it out. He drew \$40.00 and costs, with a stern admonition from Inspector Belcher to follow to the letter his determination to cut it out. Foo Goosey admitted that he was one of the proprietors of the Goosey store; did not know opium smoking was going on on the premises; was rather surprised to learn that his smokers had smoked. Inasmuch as the police had found a pipe, lamp and opium in Foo's sleeping room, his child-like and bland statement was received for what it was worth and Foo drew down a prize of \$50.00 and costs. The entire fines and costs amounted to \$133.50, which sum was dug up by the Chinese present.

## WINNING HONORS ABROAD

Former Coleman School Teacher Climbs Ladder of Art

The following, from a Winnipeg daily, will be read with interest by the many friends of Miss Adeline Baxter in this town. Miss Baxter taught school here for two years, leaving about two years ago, going to Edmonton where she spent a short while painting before returning east.

"Back in her home province recently has come Miss Adeline Baxter after training in the Boston Museum of Fine Arts where she met with conspicuous success. Indeed, the dust of scholarship is thick upon her. Miss Baxter will, and she finds enough work, set up a studio in Winnipeg."

"Miss Baxter was born in Scotland, but she came to the prairie province when a small girl. 'I have and will work hard,' she said. 'That is what an art career means. Also I will succeed though it may take a long time.' There was no boastfulness in the statement, but one felt the steady quiet power shining out from the depths of the large brown eyes."

"So far Miss Baxter has painted two portraits of Winnipeg subjects, and her work fully justifies all that her critics have said of her. One of Miss Coombes, daughter of Dean Coombes, is now on exhibition at Richardson's. It is done in oils and from a picture point of view with the soft coloring, light and shade, it is beautiful, but there is a something else that claims Miss Baxter's forte to be in portraiture. The artist has caught and somehow given to canvas that elusive something, personality, soul, if you will, of the sitter."

"All Miss Baxter's work shows traces of this gift. Among her collection is a small oil of the Scotchman, well known to all visitors to Banff. The most unimaginative would have no difficulty in connecting the picture with the original guardian of the cave."

## Coming Our Way

Attorney and Mrs. L. H. Putnam have moved into their new residence in the extreme west end of Blairmore. Just opposite the new Putnam home the Presbyterians are planning to erect a new church edifice.

Slowly, but surely, the best people in Blairmore are building towards Coleman. They have rightly interpreted the handwriting on the wall—that Blairmore is destined to become a suburb of Coleman all same like Bushtown. Oh, you metropolises!

## Hallowell Concert Company

A fairly good house, but not nearly so large as the entertainment was wanted, greeted the Hallowell Concert company at the opera house last night. It is seldom our citizens have the opportunity to listen to such a musical treat and it is a pity that they did not turn out in larger numbers. The affair was under the auspices of the Coleman band, another reason why the house should have been packed.
